

## THE FOREST INDUSTRY FIRE MANAGEMENT COMMITTEE CHARTER

### AIMS:

To serve as a forum for the sharing of resources and fire expertise to address common issues and for the exchange between members and stakeholders to facilitate forest fire safety and prevention.

To establish benchmarks and best practice for the industry

To act in an advisory capacity to the Tasmanian Forest Industry on forest industry fire related issues.

The group may act as a forum to facilitate representation on certain common issues to other fire management groups and organisations.

### MEMBERSHIP:

All forest companies, forest industry employer representatives, forest industry associations and forest industry training authorities will be eligible to become members. A chairperson will be elected for a twelve month period and the position may be rotated amongst the participants.

Member Organisations:
Forico
Timberlands Pacific
Sustainable Timber Tasmania
Midway
PF Olsen
AKS Forest Solutions
SFM Environmental Solutions
Reliance Forest Fibre
Australian Forest Contractor Association
Private Forests Tasmania
ForestWorks

### MEETINGS

Meetings shall occur pre and post fire season or on an “as required” basis.

The Charter may be reviewed at any meeting.

The venue and clerical support shall be shared around the members’ organisations.

The members shall review and share annual costs.

Members will observe one another’s right to speak.

Members will conduct discussion through the Chair.

### CONFIDENTIALITY

As there will, on occasion, be matters of sensitivity discussed, members are required to maintain the confidentiality of meetings, as appropriate.
